I am student with bachelor's degree in geology field and certification in geographic information systems, currently pursuing Data Analytics for Business Decision Making program in Durham College. I am looking for Data Analytics job position. My objective is to engage proactively and substantively in dynamic projects, aiming to make impactful contributions

TECHNICAL SKILL

- **Data Analysis & Visualization:** Python (Pandas, NumPy, Matplotlib), R, Tableau, Power BI
- **Database Management:** SQL (MySQL, PostgreSQL), Excel
- **Programming:** Python, R, SQL
- **Statistical Analysis:** A/B Testing, Hypothesis Testing, Regression Analysis
- **Data Cleaning & Wrangling:** ETL Processes, Data Pre-processing

SOFT SKILL

- Excellent analytical and problem-solving skills, effective communicator, adaptable in fast-paced environments

EXPERIENCE

Bird Conservation with GIS Technology | Fleming College | Lindsay, Ontario, Canada

May – July 2024

- Leveraged GIS tools to analyse and map bird populations.
- Identified proximity risks and developed a citizen-reporting platform to track real-time bird data.
- Collaborated with cross-functional teams to deliver actionable insights.

Junior Geologist | Essquare Geo Service

June 2018 – Aug 2021 | Vadodara, India

- In my role as a junior geologist, I collected samples, and analysed data using specialized software. I contributed to the preparation of geological reports and maps, ensuring accuracy and detail. Collaborating closely with senior geologists, I ensured adherence to safety protocols and supported effective project coordination.

EDUCATION

Data Analytics for Business Decision Making, Durham College, Oshawa, Ontario

September 2024- April 2025(Tentative Date)

GIS Application Specialist, Fleming College, Lindsay, Ontario

September 2023 – June 2024

Post-Graduation Diploma in Geoinformatics

Sep 2021 – June 2022

Bachelors of Science in Geology

Sep 2015 – June 2018
